

# January 2010 at MCSchool

We are proud of MCSchool's community who willingly demonstrated their solidarity through valuable donations to Haiti.

## Students

●On Friday, January 15<sup>th</sup> Preschool students celebrated "Toys Day". They had the opportunity to bring to school and share toys they received for Christmas.

●Prekinder students are working with the project "The Farm".

●First grade students enjoyed a wonderful morning with TV producer Elvis Meléndez. They had the opportunity to learn about how TV programs and movies are created.

Mr. Meléndez presented and described tools used to produce movies. Students were involved in the creation of a mini movie. It was an enjoyable activity!

●The beginning of the second semester was marked with the new elective, First Aid with Mrs. Gomez. Seniors began taking Psychology, Economics, Anatomy, and Computer classes. Juniors started taking French class.

●To conclude their Community Service, First grade students visited the school "Francisco Alberto Caamaño", located at Villa Linda III, Ciudad Satélite. Enriching experience!

●HS students took Midterm Exams.

●Second grade students prepared pizzas with their teachers and Mrs. Massiel Gracia.

●3<sup>rd</sup>-11<sup>th</sup> grade students took the Measures of Academic Progress (MAP).

## More about our Students

●On January 29<sup>th</sup> the Junior Class participated in a fund-raising activity that consisted of a Bake Sale. The whole school collected food and money to cooperate with Haiti.

●Kindergarten students are working with their project "Video Games", which focuses on the correct use of videogames, the importance of electricity, safety rules, time line, and more. They acquired new information, investigated about the topic, and dressed like video game characters in flag ceremony.

## Teachers

●Tenth graders are excited about their Teen Health class with Mrs. Mary Gamache, the new teacher. She is serving as the permanent substitute for Mrs. Katie Jackson during her maternity leave, and in addition will teach Teen Health. We warmly welcome her to our school!

## PTA

●On January 28<sup>th</sup>, PTA held a meeting with all delegates and sub-delegates to discuss matters of interest to all.

●The first culinary course in Japanese food (including sushi) took place at our school last Saturday. It was a great accomplishment for us to offer this course together with the JAICA Association. There were 40 participants. We have placed a manual and a DVD at the library for those interested in the course. We had a great time preparing new recipes and tasting the delicious plates we prepared. Congratulations for such a successful course!

●Our special thanks to...
